

Barolo D.O.C.G. Cannubi

The Wine

Cannubi is probably the most historical vineyard of the all Barolo region, in Barolo village. We vinify this cru from 1985 and this is one of the two oldest vineyards of ours planted in 1946 on the central crest of Cannubi hill.

Low yield of this vineyard is due to a special combination of natural factors one of which is the old age of the vines assuring a unique quality.

Here it comes the concentration and richness of this Barolo where the charm of Nebbiolo is fully expressed. Harmonious and very fine texture.

The Vineyard

Village: Barolo

Cru: Cannubi

Altitude, Exposure: 290 mt, south-south east

Soil: Marne di Sant'Agata fossili, limestone

Planting year: 1946
