

## Dolcetto d'Alba D.O.C.

### The Wine

The Dolcetto is an indigenous Piedmontese grape for long time majorly planted in our area. This varietal requires good exposure though not too warm in order to preserve a good acidity.

Our 50 years old Dolcetto vines ensure a beautiful complexity in this wine. Purple colour, fresh and delicate aromatics of cherry, blueberry, spices and flowers. The structure has a lightness and brightness in it. Well defined by good tannins and harmonious acidity this wine has a pleasant freshness and intriguing character.

Dolcetto d'Alba is the everyday wine usually combined with the typical Piedmontese antipasti.
